EDUCATION

University of Central Florida   Orlando, FL
B.S in Information Technology, Minor in Digital Media   *Expected Graduation: May 2026*

EXPERIENCE

Limbitless Solutions Inc.   Aug. 2024 - Present
UI/UX Intern   *Orlando, FL*
- Developed a Year in Review website and other projects using HTML, CSS, and WCAG standards to ensure accessibility and responsive design across devices.
- Designed wireframes, prototypes, and UI concepts using Adobe XD and collaborated closely with the research team to deliver accurate, visually appealing outputs.
- Implemented features that contributed to reliable and accessible digital systems for the limb-difference community.

Office of Student Involvement   Jul. 2024 – Present
Website Designer   *Orlando, FL*
- Designed and maintained event websites, utilizing HTML, CSS, and WordPress for responsive and accessible UI.
- Collaborated with design teams to incorporate cohesive graphics for UCF events and campaigns.
- Led the redesign of a departmental website to improve usability, modernize the UI, and accessibility.

Association of Computing Machinery   May 2024 – Present
Creative Director   *Orlando, FL*
- Directed the design and creation of digital assets, including flyers, posters, and social media graphics, using tools such as Photoshop, Figma, and Canva.
- Organized and led a front-end development workshop series, introducing beginners to front-end development tools, frameworks, etc.

PROJECTS

Capistrano Distillery Website | *React, Tailwind CSS, HTML, CSS, JS*
- Worked on the full development of a responsive and user-friendly website for Capistrano Distillery, from concept to deployment, collaborating directly with the client to gather requirements and provide feedback.
- Collaborated with a designer and implemented all core pages, including Home, About Us, and Products, as well as an appointment booking system.
- Ensured accessibility and responsiveness across devices, adhering to modern UI/UX standards.

ACM Website | *HTML, CSS, Figma*
- Revamped the UCF ACM's website serving as the front-end lead, developer, and designer, managing the website's visual and functional aspects using Figma for design and HTML/CSS for implementation.
- Redesigned the website's UI/UX, enhancing responsiveness, accessibility, and overall user engagement.
- Collaborated with back-end developers to ensure seamless integration and functionality across all devices.

Portfolio Site | *Next.js, HTML, CSS, Typescript*
- Designed and developed a portfolio website to showcase my graphics, projects, and experiences.
- Incorporated mobile-first design principles, ensuring smooth usability and accessibility across all device types.
- Revamped the site in Next.Js to incorporate enhanced interactivity, modern UI/UX practices, and improved accessibility by optimizing contrast ratios, screen reader compatibility, and cross-browser functionality.
